### LETTERS TO THE EDITOR

Editor's Note: The Press has received several letters in recent weeks, unsigned and with no means of checking the identity of the writer. One letter was signed "Teachers Anonymous," and contained damaging information regarding a certain school administrator; the second was signed "Interested Person," and it contained unprintable data regarding a juvenile case in the city, and a third unidentified communication attempted to correct this newspaper regarding its stand on a public official. This newspaper will print any constructive letter, and it will withhold the publication of the name of the writer at his or her request, providing he or she is identified to the editor. We must guard against libelous material, and cannot be a party to malicious attacks upon anyone, in or out of public life. We are jealous of our position, and will strive to maintain it. If you want a letter published, make it factual, eliminate personalities, be as constructive as possible and identify yourself, and we will print it. We urge that all letters be kept to 250 words if possible.

Editor, Press: Recent recreation attendance figures for Torrance Municipal Park show that it is the city's most popular Play Area. Thus the prevalence of spectatoritis there later will be because the field is not accessible to local folks.

A half dozen local men have connived with Organized Baseball and their ivory hunters to usurp this area free and use it as a commercial recreation area for which it was not dedicated and let the money so collected be transferred hither. They can't justify their actions and should transfer the Activity hither.

Local athletes can't develop poise, self-confidence, and ability to think when in action when obliged to sit in the grandstand in their own park while cavorting on the grounds are young athletes from Azusa, Inglewood and other local cities. The local athletes would give their right arms to be out there doing the same thing. They should not be denied the opportunity.

### Will Teen Center Close For Summer?

"Would Teenagers like the Thursday night dances at the V.F.W. Hall to continue this summer?" is the question being asked this week by Frank and Ralph Jakubowski who instigated and carried out the teen-age Center activities during the fall and winter months.

If the dances are to continue, teen-agers are asked to send their requests to Mr. Frank or Ralph Jakubowski at 1108 E. Cravens Ave., Torrance.

Replies must be received before Thursday, June 8, according to Ralph Jakubowski, or the dances will be closed during the summer.

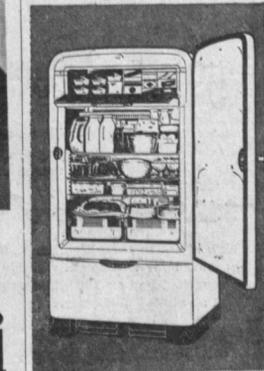

Bells with a delicate, musical peal might better be described as "tinny" than as "silvery," notes the National Geographic Society. Approximately four parts of copper and one part of tin are blended into what is known as "bell metal."
